## SmartQuote™

PRINT PURCHASING SOFTWARE

SmartQuote™'s point and click design enables print buyers to:

- ✓ **CREATE** detailed print specs rapidly.
- ✓ **MODIFY** old print specs for new bids.
- ✓ **REVIEW** vendors' bids from previous projects for instant estimates.
- ✓ **ADD** personal notes and information to a vendor's record.
- ✓ **FAX** print specs to any number of vendors listed in your SmartQuote™ vendor library.
- ✓ **SORT** vendor bids by price per quantity and view or print a bid summary report.
- ✓ **CONVERT** a bid into a work/purchase order with a click of your mouse.

SmartQuote™ is an exceptional tool that automates the entire multiple bidding and print purchasing process. Information on print vendors, print specs, project components, vendor pricing and more are all available to you instantly. When preparing a print spec, you are guided by prompts which guarantee that **no details are left out**. The structure of SmartQuote™ ensures that **consistent print specs are sent** to all your selected vendors and **consistent bids are returned**. Let SmartQuote™ turn the often hectic chore of print bidding and purchasing into a professional, organized and well-managed routine.
